

pressure source:
- gravity
- pump

Valve

spout for delivery (5 μ l droplets)
removal spout (full aspiration)
? parallel/concentric tubes ??

valve

suction pump
vacuum

OPTION 1.

$\pm$ pressure

"time measured"
dispensing

OPTION 2.

$\pm$ volume
- pressure

"positive displacement"
dispensing

+ Lee valves for both option 1 & 2

needs custom made

+ IVEK displacement pumps option 2

size 11 up to 0.5 ml volume
size 17 up to 6 ml volume
controller?

+ In-line pump based on IVEK?

? IDEX precision dispense pumps
